# WHAT ARE *live portraits?*

Your wedding day is more than just a celebration—it's a once-in-a-lifetime moment to honour your love story and thank the people who've walked beside you on your journey.

You're here because you want to give your guests more than a favour—you want to give them something they'll treasure. **A gift that says, "You matter to us."**

That's where I come in.

Instead of the usual favours, I offer something *truly unique*: live guest portrait painting. It's part experience, part keepsake—an unforgettable moment captured in delicate watercolour, created just for them.

# WELCOME TO YOUR BEST DAY EVER I'M *Alisha*

Your wedding day is your one golden moment to savour your real life love story —and I don't take it lightly that you're inviting me in to celebrate alongside you.

While you're wrapped up in everything that *truly* matters— you

know, like marrying your favourite person — you can trust that I'll care for your loved ones with the same warmth, attention, and respect that you would — so you can be fully present and completely yourself.

# HOW IT *Works*

When you give your guests something this personal, you're not just making memories.

You're turning them into a *masterpiece*.

## 01 PHOTOGRAPH

After setting up, I will take reference photos of your guests — either working from a 'VIP' list supplied by you, first-in-first-served for shorter bookings or your entire guest list

## 02 PAINT

Based on the reference photos, I will paint bespoke portraits of your guests (either individuals or couples) while you and they celebrate with you. They will be amazed as they see a version of themselves come to life in watercolour.

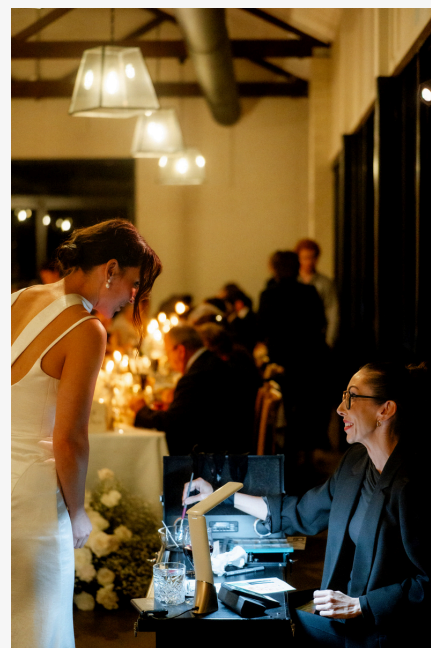

## 03 REVEAL

Then comes the best part: when I begin handing them out. The joy, the surprise, the wide eyes and happy tears... it's like magic. Portraits are packaged in a clear sleeve for your guests to take home on the night.

# WHERE YOUR *Love* BECOMES A WORK OF ART

# THE Q's ON YOUR MIND

## HOW MANY CAN YOU PAINT?

I can paint approximately 10 guests per hour. Outfits with more detail such as floral dresses take a little longer.

As a general guide:

- 5 hours = 50 guests
- 6 hours = 60 guests
- 7 hours = 70 guests

...and so on.

If I'm unable to paint everyone on the night, extra studio time can be booked after your wedding. The remaining portraits will be posted to you.

*Minimum booking: 3 hours*

## WHAT'S MY STYLE

A full body fashion sketch style, my faceless portraits capture your guests outfits and hairstyles. I use pencil, ink and watercolour on A5 paper, using template outlines to assist with speed.

## WHAT DO I NEED TO PROVIDE?

Absolutely NOTHING! I will bring everything, including my desk, chair, lighting and all supplies needed to for painting. I won't even need access to a power point.

## TRAVEL

Your booking includes travel to Hunter Valley, Newcastle & Lake Macquarie. Please contact me for pricing if your venue is outside of these zones.

## RESTRICTIONS

- One portrait per person (we want to paint as many of your guests as possible!)
- Maximum 2 people per page
- Family portraits available upon request

## WHAT TIME WILL YOU START?

Cocktail Hour (or immediately after your ceremony) is the perfect time to commence your live portrait session.

## PERSONALISED PAPER

For an additional cost, your names and wedding date can be added to the bottom of each portrait. However, keep in mind that personalisation may take away from the artwork's timeless feel. Many guests choose to frame their portraits, and a clean, classic design often makes for a more lasting keepsake.
