WHAT ARE five guest portraits?

You've said the "I do's", signed the paperwork and had your first kiss as a married couple (eeeeek!).

And now, as your photographer whisks you away for your wedding photos, it's time for your guests to indulge in canapes and cocktails (not included) while I paint their full body portrait.

As a truly one-of-a-kind experience, I will be there to delight your guests as I paint their portrait for them to keep and treasure. Because, you know, they spent hours getting glam in their frocks and suits, and we need to capture this goodness in watercolour.

Not only does it wow and entertain your guests as I paint live, but the portraits are a special wedding favour for your guests to take home and treasure.

THE DETAILS

HOW IT WORKS

- I bring my own setup (everything from table, chair, a sign so your guests know why I'm there, lighting and all the supplies needed to paint your guests.
- Maximum 2 people per portrait
- 1x portrait per guest (because we want to illustrate as many guests as possible!)
- To avoid queues, I will begin the session by taking photos of your guests. I will then use those photos as a reference for their portraits. When the completed portrait has dried, it will be presented in a clear protective sleeve for your guests to collect and take home with them.

WHAT'S YOUR STYLE?

A full body fashion sketch style, my faceless portraits focus mainly on capturing your guests outfits. I use a combination of pencil and ink for the outlines, while the colour is applied using watercolours on A5 watercolour paper. All materials are included, and I will bring my own portable workstation.

RESTRICTIONS

- One portrait per person (we want to paint as many of your guests as possible)
- Maximum 2 people per illustration

HOW LONG WILL IT TAKE TO PAINT?

A portrait of 2 guests takes approx. 8 minutes to complete. Taking into account transition time for guests between each painting, on average I can paint 14 guests per hour.

WHAT TIME SHOULD I BOOK?

Cocktail hour (or immediately after your ceremony) is the perfect time to commence the live painting (minimum booking 2hrs). My portable workstation allows me to move to various locations around the venue seamlessly if needed.
